Interactive Underride Crash Map
Crash Location Input Form

If you would like the Administrator to add an underride crash to the map, please provide as much of the following information as possible and email the completed form to underridemap@gmail.com.

Underride Crash	
Name of victim (s)	
Date of crash	
City, State	
Make/Model and Year of Trailer, if possible	
Latitude* of crash location	
Longitude* of crash location	
Link to news article about the crash	
Captions for Photos (optional) Attach photo files to your email	
Memories (optional) Youtube videos	

* NOTE: Latitude & Longitude can be found by searching for the crash location on Google Maps; they will appear in the URL address of the map. Or you can use a Latitude & Longitude Locator like this: https://www.latlong.net/

Thank you!
