

**Committee On Underride Protection  
Member Agreement Form**

The purpose of the Committee On Underride Protection is to provide key information to the rulemaking process based upon the members' areas of expertise and to make recommendations that would help to effectively and collaboratively advance the progress of the bill to meet the purpose set out for it by the Congressional mandate.

With that in mind, I, \_\_\_\_\_, as a condition of my membership on the Committee On Underride Protection, agree to the following:

1. I will, to the best of my ability, study the underride problem in order to be fully informed.
2. I will share the knowledge, which I have or have access to, which could help in the process of crafting effective underride prevention rules.
3. I will disclose when I have a potential conflict of interest regarding a specific topic of discussion and will recuse myself from a consensus vote on that topic.
4. I will, to the best of my ability, fully participate in all Committee activities. And, if I find that I am unable to do so, I will inform the Committee Chair so that another individual can be selected to fill my shoes and enable this collaborative process to make meaningful progress.
5. I will serve on this committee with the goal of moving this country more quickly to a Win/Win solution to the underride problem for both the trucking industry and the protection of the traveling public.
