

Hundreds of people die every year when pedestrians, cyclists, motorcyclists, and passenger vehicles go underneath trucks. Over 4,000 have died during the past 19 years since the last underride regulation was issued in 1998. Families of victims and safety advocates are calling for an end to preventable truck underride tragedies.

It can happen to anyone -- even if their car has a 5-Star Crash Rating. It can happen anywhere. It happened to 17-year-old AnnaLeah and 13-year-old Mary Karth when their car went under the rear of a semi-trailer in Georgia on May 4, 2013. And it happened to 26-year-old Roya Sadigh when her car went under the side of a truck in Indiana on November 24, 2004.

U.S. regulators have debated for decades about how to stop the tragedy of underride deaths -- including, since 1969, the possibility of requiring underride protection to be added to the sides of large trucks. But they have not done so, even though engineers have already found ways to solve this problem.

It's time for Congress to mandate that the National Highway Traffic Safety Administration update underride regulations, and for the trucking industry to install effective underride protection. The Stop Underrides Act of 2017 -- introduced by Senator Gillibrand (D-NY), Senator Rubio (R-FL), and Congressman Cohen (D-TN) on December 12th -- will allow creative engineers to put effective underride protections on every truck, and help end preventable underride tragedies.

Please co-sponsor this life-saving legislation. You have the power to make the roads safer.

| Lesia | Cook | Kansas City | MO | UNITED STATES | A life is a life and this is a personal matter to me. I literally almost killed one night when a semi truck ran me off the road on black ice. And the semi just kept going and never stopped or even cared that I literally could offed from it running me off the road and I had a flat tire and had absolutely no help at all and it was dark and freezing rain out side. They are ruthless ehenit comes to driving like maniacs and not caring what they hit or do because of their selfishness and breaking the law speeding and then not helping anyone that they hurt! |
