

Raising Underride Awareness Creates a Clear Call for Action

On October 26, 2019, we had a STOP Underrides! Booth at the North Carolina State Fair as part of the Governor’s Highway Safety Association’s Safety City. Over 90% of the people who learned about the underride problem decided to sign the STOP Underrides! Petition. Those 270 people are asking Congress to act & end these preventable tragedies. This chart assumes that our observation of overwhelming support from 90% of the fairgoers, who learned the terrible facts about underride, could be extrapolated to the population of the U.S.

Congress, will you listen to your constituents?
